# 云海之上

Up to the sky

第1回 从天而降

IN THE FUTURE, IT  
WASN'T KNOWN  
WHEN BUT THICK  
LAYERS OF CLOUDS  
SLOWLY SURROUNDED  
THE SKY. EVERYONE  
CALLED IT THE  
CLOUD SEA.

AS TIME PASSED, THE  
BLUE SKY WAS  
GRADUALLY FORGOTTEN  
BY THE PEOPLE. NO  
LONGER DID ANYONE  
KNOW EXACTLY WHAT  
WAS ABOVE THE  
CLOUD SEA..

AND NO ONE  
KNEW WHERE  
THE CLOUD SEA  
CAME FROM.

ASIDE FROM  
ONE PERSON.

### Role

Hi guys, We always have super table persons who keep on and off, doing whatever I like the most and my current mood is geared toward the transition of my table because someone just bought the best in typecast on photoshop a week ago. However literally anything and everything amusing plays my interest, so I'm going to just do whatever I want to do while also trying to get reader input on what I should focus more on. This is your chance to show how interested you are in whatever structure I'm building. My current release title is "Whenever the hell I want, whenever the hell I want", but there are some details where I connected the story post.

### Details

Every number listed in parenthesis down below of comments made by different personalities about a publication in Moon Energy Cafe page(s) page will guarantee a chapter release within the week. If this introduction is not thy style or series, I am allowed a period of 1 week to release more want release if something strange happens in me. Project pages are where the chapters are listed. Milestone numbers can be changed whenever I want and will be edited for the reason number of the current state.
